The Garage Everlasting

Ask the Alpha Dealer
Keep Your Car
in a Concrete Garage

Why risk keeping a valuable automobile in an ordinary building? You can build an everlasting, fireproof, rust-proof, and danger-proof garage of concrete. A concrete garage is moderate in cost and easy for you to make.

ALPHA THE GUARANTEED CEMENT
PORTLAND

has been used in hundreds of concrete garages. It is the cement to use in every concrete job where appearance and durability are essential. We recommend ALPHA because we know that it is always uniform, and more than meets the U. S. Government standard. Cheaper cements lack the qualities that make ALPHA so great in binding power.

A copy of "Concrete in the Country," 112 pages, is yours for the asking. It explains fully how to build garages, chicken houses, foundations, etc., etc., at small cost. Call for it.

THE THEATERS

The Bijou program today includes Mary Pickford in a five-part masterpiece, "Tess of the Storm Country." This peerless is both a comedy and a romantic drama, and is pronounced by critics to be superior to anything previously done by Miss Pickford. A Hearst-Selig news pictorial also shown. At the afternoon performance Francis X. Bushman will be on the screen in "The Voice of the Wilderness." Also Mr. and Mrs. Ed. Jones in "The Country Girl." Thursday a two-part Vitaphone feature, "Johanna the Barbarian," and two comedies will be shown.

"A play of the Salvation Army, 'Miracle Mary,' was recently produced in San Francisco.

"Shot Gun Jones" is the title of a splendid two part feature showing at the Odeon Theatre today. A comedy picture entitled "Tight Shoes" featuring Ruth Roland, the Kalem girl, is also shown. Tonight is the last chance to see that big variety show which has packed the Odeon for the last two nights. For the last half of the week the Odeon will present The Seven Russells in musical comedy, and Thursday will be shown No. 12 of the series of the Kalem pictures entitled "The King's Will." There is only one more series after this one.

"The Things That Count," which is having a successful run in New York, is to be novelized.

Harry Beresford is starring under the management of Joseph Hart in "Twenty Odd Years," by Tom Barry.

"The Fascinating Widow," in which Julian Eltinge starred, is to make a tour next season with Hal Johnson in the title role.

Helen Lowell is appearing in a sketch called "Up to Date," by Arthur Goodrich. It is said to have fine possibilities.

George Arliss has sailed for England, but will come back in the late summer to begin a tour in Disraeli in the South and to the Pacific coast.

John Emerson and Robert Baker have written a new farce called "Step Lively." The piece will be produced about the middle of this month in Atlantic City.

Al Lichtman, who has been sales manager of the Famous Players Film Company since its organization, will leave that concern Saturday, June 21, for the purpose of inaugurating a film brokerage office through which he will offer a personal sales service to film buyers, renters and producers. Mr. Lichtman's plan is a novel one. From a long and thorough study of trade conditions he has concluded that the necessity and desirability of such a connecting link among the three factors of industry is so obvious that he is confident that his enterprise will fill a long-felt want.

Olive Wyndham has been engaged by Charles Dillingham for a new production in September.

The prima donna role in one of the "Sari" companies next season will be sung by Mary Lane Murray, the daughter of J. K. Murray and Clara Lane. She made her stage debut two years ago in her father's company in Boston.

"The Public Eye," a play by Kate Jordan, is to have a trial by a stock company at Rochester.

Helen Green, a daughter of Clay M. Green, the playwright, is a member of a stock company in Cleveland.
